**Upper Moreland Police
March 2022 Monthly Report**

March 2, 2022 – The Upper Moreland Township Police Department responded to the Upper Moreland Middle School, 4000 Orangemans Road, for the report of a student possibly possessing a handgun on the school campus. Upon receiving the initial call responding Upper Moreland police officers were informed that the school was in lockdown. Upper Moreland Patrol Officers and Detectives worked with UMMS school officials to determine which student was in possession of the firearm. Through further investigation it was determined that the firearm was an “airsoft” revolver. The students that had possession of this airsoft revolver were taking pictures of the firearm throughout the day on the school campus. The photographs depicted what appeared to be an actual revolver. The UMMS administration placed the school in lockdown when they were notified of the incident and pictures. The students involved with this incident were identified in a timely manner and the firearm/air soft gun was located in the school. Students were dismissed for the day after the lockdown order was lifted by school officials. Upper Morland Police coordinated a K9 sweep of the school campus for additional firearms out of an abundance of caution. This sweep was uneventful and the school property was turned back over to school administrators. This investigation and resolution of the incident was well managed as the Upper Moreland Police Department and Upper Moreland School District maintains an excellent working relationship with the priority of the safety of all those attending Upper Moreland Schools.

March 3, 2022 – Upper Morland Township Police Officers provided an internet safety presentation at Child and Family Focus, 2395 Byberry Road Hatboro. This safety presentation provides detailed information to and for parents on the potential dangers of the internet for children. Information is presented on how not to become a victim of a predator or fraud scheme when using the internet.

March 9, 2022 – Sergeant Pam Cordura attended a planning meeting with the Upper Moreland School District and the National Association of Mental Illness (NAMI) Montgomery Chapter for an upcoming event at the Upper Moreland Township High School.

Notable Information:

SARS currently has 5 full time paramedic positions that remain vacant.

SARS leadership met with State Representatives Guenst and Sanchez to discuss Act 10, direct pay legislation, and the steps SARS has been taking with local leaders to investigate the creation of a regional EMS authority.

SARS submitted our certification through the DCED portal to be eligible to receive funding from Act 10. Based on our interpretation of what was sent out by the state, there are 720 agencies in the state that are eligible for funds including 911 EMS agencies and transport companies. The documentation states that the funding will be divided equally among those who certify which we estimate to be as follows:

If 100% of the agencies that are eligible certify, each will receive \$34,444.44

If 75 % of the agencies that are eligible certify, each will receive \$45,925.92

If 50% of the agencies that are eligible certify, each will receive \$68,888.88

These funds are certainly welcome assistance but are not a long-term solution.

For Second Alarmers \$68,888.88 = 39% of **one** payroll.

SARS held Field Training Officer, Duty Officer, and Platoon Supervisor testing on March 30th and 31st. Results and promotions are pending.

EMS Week is May 15th through the 21st. SARS will be holding an open house at our Willow Grove station from 10AM to 2PM on Saturday May 14th.

On May 17th SARS will be conducting "Stop-the-Bleed" training with faculty members at the Eastern Center for Arts and Technology and later in the year conducting a drill for response to active threat incidents/violent trauma with their staff and students.
