During this investigation, CCTV security videos were recovered from the Upper Moreland School District, surrounding businesses, and residential properties. March 2024 Naloxone Administration Report- Upper Moreland

Note- a new sedative, medetomidine, used for veterinary sedation has started to show up in the illicit drug supply in the Philadelphia region. Much like xylazine that we talked about a few years ago, this medication is not an opioid and will not respond to naloxone. It causes profound sedation and other negative effects though there is not a lot of research available yet as it is not approved for use in humans.

Notable news:

- Recently HB 1152 was introduced by Representative's Cooper & Borowski and co-sponsored by many other representatives including Representative Guenst. This legislation could be one of the most pivotal laws considered to help save EMS agencies across the state and would provide for patient protections from balance billing. The law would require that insurance companies pay EMS agencies directly for 911 related services and that they pay a minimum amount established by a statewide fee schedule.
 - We are asking everyone to please reach out to Representative Guenst and thank her for supporting this legislation and to encourage her to continue to work to make sure the bill is passed.
- SARS next EMT class will be starting soon, watch our webpage and social media sites for dates and registration information.
- SARS will be running a trauma active/threat training day with approximately 30 students from the Eastern Center, protective services program on Friday April 25th.
