Notable news:

- Recently HB 1152 was introduced by Representative's Cooper & Borowski and co-sponsored by many other representatives including Representative Guenst. This legislation could be one of the most pivotal laws considered to help save EMS agencies across the state and would provide for patient protections from balance billing. The law would require that insurance companies pay EMS agencies directly for 911 related services and that they pay a minimum amount established by a statewide fee schedule.
 - We are asking everyone to please reach out to Representative Guenst and thank her for supporting this legislation and to encourage her to continue to work to make sure the bill is passed.
- SARS 2025-26 fund drive has started. Email reminders were sent out the week of April 28th and print mailings will go out the last week in May. Residents can visit our website www.sars.org for more information.
- SARS next EMT class will be starting June 24th. Please visit our website www.sars.org for more information
- SARS will be running a trauma active/threat training day with approximately 30 students from the Eastern Center, protective services program on Friday April 25th.

Agenda Summary

Public Health & Safety Committee Meeting – May 12, 2025

Agenda Item: Authorization to Advertise Ordinance #XXXX - Huntingdon Road Speed Limit Change

Prepared by: Police Chief Scott Bendig

Attachments: N/A

Background/Analysis: In October 2024, concerns were raised regarding vehicles exceeding the posted 35 MPH speed limit on Huntingdon Road. The concerns were investigated by the Upper Moreland Police Department's Traffic Safety Unit, which determined that the 85th percentile speed was 33.91 MPH and minimal traffic crashes occurred on the roadway. Traffic calming initiatives were explored and initiated to mitigate residents' concerns. At this time, concerns still exist due to the overall narrowness and topography of the roadway. The Pennsylvania motor vehicle code permits the speed limit of Huntingdon Road to be reduced to 25 MPH, as it is considered a residential roadway.

Fiscal Impact/Source: None

Alternatives: Maintain the current ordained speed limit.

Recommendation Action: The Board of Commissioners, at the June 2, 2025 Regular Meeting, authorize Township Solicitor to advertise an Ordinance.
