Reviewed supporting statistics from a completed traffic survey and PennDOT does not recommend a stop sign. Mr. Morris presented additional data to the Commissioners, which included a petition circulated and signed by 40 residents, noted that former Commissioner Kevin Spearing petitioned for a stop sign, shared that as a homeowner for over 10 years, he has experienced an increase in cut-through traffic, speeding, hit-and-run incidents with his car, and multiple accidents at the intersection. Mr. Morris expressed that he is committed to working on a resolution and requested the Commissioners' support.

Notable news:

- SARS currently has 6 full-time positions open, and we are looking to increase our per-diem staffing as well. This is reflective of the regional EMS provider shortage. It continues to become harder and harder to recruit and retain EMS providers as many are leaving the field for better paying occupations.
- SARS plans to take delivery of our next new ambulance sometime in August or September.
- SARS next EMT class will be starting June 24th. Please visit our website www.sars.org for more information
- SARS asks that as many area residents as possible contact their state representative and urge them to support House Bill 1152 which provides for patient protection, direct payment to EMS, and a state regulated fee schedule for 911 EMS response.

Agenda Summary

Public Health & Safety Committee Meeting – June 16, 2025

Agenda Item:	Parkside Avenue and Magnolia Avenue Four-Way Stop Sign Request
Prepared by:	Police Chief Scott Bendig
Attachments:	None
Background/Analysis:	At the May 12, 2025, Public Health and Safety Meeting, a request was made to install a four-way stop sign at Parkside Avenue and Magnolia Avenue. This proposal was investigated by the police department's Traffic Safety Unit for consideration. Based upon a recent speed study and available crash data, the placement of a four-way stop sign at the intersection does not meet PennDOT's warrant standards. At this time, the police department does not recommend the installation of a four-way stop sign at Parkside Avenue and Magnolia Avenue.
Fiscal Impact/Source:	None
Alternatives:	Approve the installation of a four-way stop sign at Parkside Avenue and Magnolia Avenue.
Recommendation Action:	The police department does not recommend the installation of a four-way stop sign at Parkside Avenue and Magnolia Avenue.

Agenda Summary

Public Health & Safety Committee Meeting – June 16, 2025

Agenda Item: **Nuisance Ordinance Discussion**

Prepared by: Police Chief Scott Bendig

Attachments: None

Background/Analysis: In April 2025, a request was made to investigate the feasibility of a public nuisance ordinance similar to those enacted in other Pennsylvania communities. A township official of a Pennsylvania municipality with a similar ordinance was consulted for further explanation. It was determined that this ordinance is primarily used in this community to address police responses to nuisances involving rental properties. Additionally, the Township's solicitor was asked to review the concept of a nuisance law. Our solicitor's office has presented the option of exploring the expansion of the nuisance definition under Chapter 223 of the Code of the Township of Upper Moreland.

Fiscal Impact/Source: None

Alternatives: Available alternatives:

- Move toward crafting a public nuisance ordinance.
- Explore the expansion of the nuisance definition under Chapter 223 of the Code of the Township of Upper Moreland.
- Take no further action.

Recommended Action: Further discussion regarding the preferred alternative amongst the Committee.
